Safe Ministry Training

Assistance with the online course is available at the church office **TOMORROW 2-4pm**

I am very appreciative of the skill and care with which Felicity assists and supports the ministry of the church.

However, it is important for us to remember that for her Sunday is a church day not a work day.

If you have matters to discuss with Felicity related to her role or the administration of the church, then can I request that you contact her during the week instead.

Everyone tends to feel that their question or request is vital and brief, but together these interactions can turn Sunday into another work day.

Thanks very much for your kindness and consideration in this.
Gavin
