## Tuning into Teens

Tuning into teens is a program we are running in partnership with Anglicare at St Jude's. We encourage all parents or other people (grandparents, carers, family members) who engage with teens aged 10-18 years old to attend, and gain valuable insights for dealing with kids during this tricky time. Please feel free to invite friends and family.

You will hear about ways and tools to help teens understand their emotions and express them in appropriate ways. Gaining control of their emotions provides social, behavioural, psychological and learning benefits for children and teens.

- Shows you how to help your child and teen understand, talk about and manage their emotions.
- Gives you skills and knowledge to help you connect with your child and teen.
- Is for anyone who cares for or engages with older children and teens.
